

TLM

TLM DEEP HOLE MARKER

Due to the high proportion of wax in the lead, the deep hole marker is especially suitable for both rough and smooth surfaces such as wood, tiles, brick, etc. Thanks to its special design and the small diameter of the lead, the deep hole marker can be used to make precise markings up to 1.77 in./45mm depth.

- Special design facilitates deep hole markings up to 1.77 in./45mm in depth
- Lead with small diameter for precise markings
- Integrated sharpener in the push button
- Universal lead for both rough and smooth surfaces
- Rugged ABS belt clip for a secure grip
